

Shunyata Villas Bali

Celagi Jalan Pura Batu
Telu, Seraya, Kec.
Karangasem, Kabupaten
Karangasem, Bali 80851

Dear Madam Barbara Lietz,

This writing shall be an expression of our gratitude. We would like to thank you for your support to find an ecological water purification system for Shunyata Villas Bali.

As our vision means, to be sustainable as possible, the new Water purification system with Swiss technology, was a big step into this direction.

Moreover, there are a few aspects beside the ecological one that should be mentioned as the filter system enhanced the quality of a few areas in our hotel:

- The ultrafiltration unit removes organic contaminants, viruses, bacteria, cysts, etc. down to a size of 0.02 micron without requiring toxic chemical treatment.
Important for our eco resort, to serve the guest with high quality of drinkable water.
- Due to the water treatment system, the taste of the water is way better than before.

Shunyata Villas Bali

- We can avoid unnecessary and un-ecological transports to get fresh and clean water.
- We do not depend on different vendors anymore to get water.
- We can offer water without any perspiration from plastic bottles.

We can recommend the Water Treatment System and thank you again for your support in this regard.

Best regards,

PT. SERAYA HEALING RETREATS
